

COMPANY PROFILE

Established in 2009 by John and Kylie Hayes, Johnny Cool Darwin has become a leader in the fields of Electrical, Mechanical and Solar Technology.

We pride ourselves on our exceptionally high standards of work, and the ability to deliver desired outcomes to all clients, both domestic, commercial and industrial. We consistently bring our contracts in on time and on budget. Our licensed technicians offer the expertise and experience to solve your problems, in the fields of electrical installations, maintenance, mechanical installations and maintenance and solar connections and maintenance.

We have 25 electricians and refrigeration mechanics on staff, and 3 fulltime administration staff to back them up.

Johnny Cool Darwin has been involved on the Ichthys LNG Gas plant, indigenous housing at Numbular, Larjamanu, Ramingining, Gapuwiak, and currently at Galwinku. We have contracted to Travis Drenth Constructions, New Futures Alliance and most recently to Ngarda.

Currently on the Inpex Site – we are contracted to Laing ORourke, AMJV, CVL 3, BLD1, Monodelphous, doing electrical and mechanical installations and maintenance.

Johnny Cool Darwin has been awarded LTSC contracts to various contractors on the Ichthys LNG Plant, including Laing O'Rourke, Kentz, UGL- Kentz JV, MAS & Mammoet. We pride ourselves on having an extraordinarily proactive site manager in Ross Carmichael, who actively campaigns for JCD on site, and has won the 'site supervisor' award by JKC. Ross has also acted as Electrical Inspector for JKC and Leightons in the absence of their own inspection staff.

MANAGEMENT SYSTEMS AND POLICIES

Johnny Cool Darwin worked in conjunction with a consultant to implement our IMS (Integrated Management System), in order to demonstrate to prospective clients our ongoing commitment to working safely, and without harm to the environment.

The IMS is an integral element of our business and serves to meet customer requirements, reduce business risk, improve profitability and demonstrate responsible management. This comprehensive system provides the necessary management processes to achieve our business goals. JCD policy statements determine the company objectives and solidify managements' commitment to achieving those objectives.
